

IPEC Certification

Grandfathering Application

Dear Applicant:

Thank for your inquiry regarding the International Psychometric Evaluation Certification through the American Board of Vocational Experts (ABVE). Below are the Grandfathering criteria to be able to become certified through Peer Review Experts:

- **A Licensed Psychologist** is qualified to be grandfathered by submitting a copy of their current license to practice, the application and the IPEC fee. Proof of experience, coursework or work product **is not** required for psychologists. Section 1 & Section 3 are required to complete the application – however, completing all sections is encouraged to help assist with our data collection.
- **Masters level counselors who can show proof of having held their Certified Vocational Evaluator (CVE)** certification are qualified to be grandfathered. Proof of the CVE and master's degree diploma or transcripts along with application and fee is required. Course work, experience or work product **is not** required of master level CVE's candidates. Section 1 & Section 3 are required to complete the application – however, completing all sections is encouraged to help assist with our data collection.
- **Masters level counselors who have not held a CVE and hold one of the masters level degrees below must provide:**

Transcripts: Proof of transcripts/equivalent coursework, and sample work experience. Any discipline that deviates from the list below will be reviewed by the Peer Review Committee to determine if it qualifies you.

- | | |
|---|--|
| ▪ Masters in Psychology (MA, MS, M.Ed.) | ▪ Masters in Therapy/Family Therapy/Counseling |
| ▪ Masters in School Psychology | ▪ Masters in Health Related Field |
| ▪ Masters in Rehabilitation | ▪ Masters Education |
| ▪ Masters in Social Work | ▪ Masters Other |

Specific Education Courses and Equivalents: Because every Masters level program has different accreditation standards and therefore different coursework titles and offerings, coursework will be reviewed to determine if you meet the following Education and or Equivalent Standards for the IPEC. Below are the eight course equivalents we will consider and will review equivalents. **At least five of the course equivalents must be met for grandfathering.**

The American Board of Vocational Experts recognizes and supports the policies and high professional standards of the various rehabilitation credentialing bodies. This view is all-encompassing but focused on the integrity and industry demand for high ethical policies and practice. ABVE maintains a strict ethics approach to take rapid action with professional members who are found to have violated one or more of these canons. It is with this philosophy that professionals who have been sanctioned by any vocational rehabilitation credentialing body with loss of membership will not be allowed to take the ABVE or IPEC examination or hold the ABVE or IPEC credential.

To be considered for certification, you must meet the above criterion and submit your application with the accompanying documents requested and appropriate fees:

Fees Required at Time of Application:

- **\$225** – Onetime nonrefundable application fee
- **\$195** – Associate ABVE Membership fee (if not a current ABVE Member)

Once Grandfathering Criterion are met the Following Fee Will Apply for certification to be valid:

- **\$80** – IPEC Credential Fee

Fees for Maintaining IPEC Once Certification is Valid:

- **\$195** – ABVE Membership fee will be due January 1st of each year
- **\$80** – IPEC Credential Fee will be due January 1st of each year

Fee Policy Should IPEC Application not fulfill all requirements:

- Should an applicant submit the IPEC application along with the fee and the Peer Review process finds the applicant short in experience or coursework, the applicant will have 1 year from the date of application to fulfill all requirements. Once the year has lapsed and if requirements have not been met the applicant must submit a new application and application fee.

Other Maintenance Requirements:

- Once qualified during the Grandfathering period, it will become mandatory for the applicant to take the IPEC exam to help establish norms for the IPEC exam. The score is not counted. However, if the IPEC exam is not taken the grandfathering exemption is revoked.
- CEU credits will be required to maintain your IPEC Certification. CEU credits will not be required through January 1, 2015 to December 31, 2015. The certification cycle is a 3-year cycle. The period will begin January 1, 2016 and end December 31, 2018. You must retain 42-hours on file with ABVE at the end of each cycle to maintain your IPEC certification.

IPEC Grandfathering Period & Training

If you are short in qualifications and in need of experience or coursework to be considered qualified under the grandfathering period, you can obtain experience and coursework to apply from 2014 through 2018. The Grandfathering period is not expected to continue past December 31, 2018. IPEC-ABVE is expected to have a validated test in place by 2019 for new applicants who qualify for the IPEC. There are several ways you can meet such experience and coursework qualifications during 2014-2018 period:

- Take online courses at Capella University or others like it.
- Show training experience through workshops, conferences, or professional testing company trainings.
- Attend ABVE pre-conference trainings and main conference trainings for psychometric testing CEU's to begin 2016.
- Begin practicing and using psychometric instruments that you are qualified to use with your specific clientele.
