

## **IPEC Exam Completion:**

Remaining items we need to do are:

1. Complete Task statements
  - a. The task statements will determine which domains and subdomains remain and which ones are removed.
  - b. The Task statements are the foundation of the Job Analysis
2. Perform the validation study
  - a. The validation study will provide us with our domain areas and show which tasks performed by a psychometric evaluator are important and which are not.
3. Subject Matter Experts (SME's) to write up exam questions with references
4. Have IPEC members take the exam to set the cut score

## **Strasz Bid:**
